A Level-Headed Banker.

By Associated Press.
KANSAS CITY, Sept. 25.—The annual convention of the American Bankers' Association met here to-day. The city is gaily decorated. The convention is the largest ever held by bankers, fully 1,000 being present from all parts of the country. After the preliminary speeches of welcome and response by the officials, the President delivered the opening address. He traced the development of banking in America from colonial times to the present. He recommended the convention to consider the following topics: International circulation, uniform bills of lading, uniform paper for drawing bills of exchange and a national clearing house.

President St. John of the Mercantile National Bank, addressed the convention on the legal tender coinage. The speaker had one proposition to make on the subject. It was that an act be adopted by Congress which should do away as rapidly as convenient with the U. S. legal tender notes and the opening of the U. S. mints to the free coinage of silver.

Overland Rates on Sugar.

By Associated Press.
KANSAS CITY, Sept. 25.—The Interstate Commission resumed its session to-day. The morning was devoted to hearing a witness in the case begun yesterday by Lehmann, Higginson & Co. of Humboldt, Kansas, against the Southern Pacific and other companies, in which it is charged they discriminated against them on freight charges on sugar shipped from San Francisco. The Commission went into the whole question of transcontinental rates and took a great mass of testimony. Vice-President Goddard of the Atchison, Topeka & Santa Fe testified that the rate charged by his road was not discriminating against the complainant; that the rate to the Missouri was the same as the rates by water to the Missouri river points, in favor of which the complainants testified they were discriminated against. The rate was not made overland from San Francisco to Humboldt; therefore, although that city was nearer San Francisco than the Missouri river points, there was no discrimination.

The International Congress.

By Associated Press.
WASHINGTON, Sept. 25.—Letters were mailed from the Department of State to-day informing the delegates to the International American Congress that they would be expected to report for organization to the Department of State at noon on October 23. They will be received by Blaine, who will deliver an address of welcome. They will organize by the election of a President, Vice-President and secretaries, and then proceed to the White House where they will be formally presented to the President. It is understood that Blaine intends to give them a dinner on the same evening. The delegates were also officially informed that the residence at 1,801 I street has been secured for the use of the Congress, and that subsequent meetings will be held there. They were also invited to make that house their headquarters, where they will find writing, reading and consultation rooms ready for their use.

A Train Systematically Robbed.

By Associated Press.
MOBILE, Ala., Sept. 25.—The Mobile & Ohio south-bound mail and passenger train was held up at 3:10 this morning by robbers at Buckatuna, Miss., seventy miles north of Mobile. The robbers made the express messenger and compelled him to drop the contents of the safe into a sack. He managed in doing so to secrete a thousand dollars. They got \$3,000. Then the robbers made the expressman get out of the car and go with them to the mail car. W. C. Bell, the mail agent, suspected that a robbery was going on, and tried to get into the baggage car with a number of registered packages and mail. Just as he stepped to the end door of the car the robbers interrupted him. The robber leader, supposed to be Bunch, faced him, pistol in hand, and finding Bell's arms full of packages, said: "Dump those here on my left arm." There were two ty-four packages, and Bell dropped them as required.

Europeans Getting Nervous.

By Associated Press.
NEW YORK, Sept. 24.—A special from Washington says that the State Department is receiving from our representatives in Europe many extracts from European journals expressing alarm over the effect upon European trade of the coming conference of American nations. Many of the articles appeal to the South American republics to distrust our advances and continue to trade in Europe. An article sent to the Department by Minister Grant to Austria from a Vienna paper says: "If the South American ports should be closed to us by tariff rates as high as those of the United States a large part of our workmen, and a still larger part of the German, French and English laboring men, would be in danger of losing their employment. It would be a serious loss to Europe if the politicians of Washington should succeed in uniting the whole American continent in a territory surrounded by an insurmountable customs barrier."

Comments from the papers of Paris and London and other chief cities of Europe all indicate that the commercial interests of Europe are waking up to the importance of this Congress, and are attempting by all means, fair and unfair, to prejudice it through Europe.

Another Train Robbery.

By Associated Press.
FORT WORTH, Texas, Sept. 25.—Last night as the north-bound Santa Fe train was pulling out of Crowley, ten miles south of this city, three men boarded the train and two others jumped on the locomotive. The two on the engine put pistols to the heads of the engineer and fireman, and when two miles from Crowley, ordered them to stop. The robbers then cut the engine, baggage and express cars from the rest of the train and ordered the engineer to pull half a mile further. The express messenger was then compelled to show the robbers the money. They took two bags, said to contain \$5,000 each, overlooking three or four other packages. The train reached here at midnight. A posse of twenty men started in pursuit of the robbers, who had taken a westerly course.

No Jurisdiction.

By Cable and Associated Press.
LONDON, Sept. 25.—The Court refused to grant an injunction restraining the New York Herald from publishing comments on the widow of Ernest Weldon, who recently died in this city, and whose body, at the request of her brothers, was exhumed for a medical examination, owing to a suspicion that she died from the effects of poison. The Court based its refusal upon the grounds that it had no jurisdiction in the matter.

The Landore Steel Works at Swansea have been destroyed by fire. The loss is heavy.

Supposed to Have Been Drowned.

Special to the GAZETTE.
SAN RAFAEL, Cal., Sept. 25.—Last Monday evening George Heary, a guard at the San Quentin Prison; M. F. Smith, a railroad foreman; F. Robinson, a harness maker, and Charles Chinette, a sailor, left San Quentin in a small boat on a fishing excursion. The bay was rough at the time, and they have not been seen since, and it is believed they were drowned, as their boat was found overturned in the bay last night.

Fatal Boiler Explosion.

By Associated Press.
BERLIN, Penn., Sept. 25.—Yesterday the boiler at the sawmill of Fritz Brothers exploded. John Fritz, Edward Fritz, Oliver Ross and David Ross, all well-known young men of this vicinity, were instantly killed. Two brothers named Brant were badly injured, but may recover. The mill was a complete loss, being entirely wrecked.

Failed to Agree.

By Associated Press.
NEW YORK, Sept. 25.—The jury in the Ives case disagreed and have been discharged. Ten were for conviction and two for acquittal. Ives was remanded to the Tombs.

Eliza Cook Dead.

By Cable and Associated Press.
LONDON, Sept. 25.—Eliza Cook, the poetess, died to-day at Wimbledon, where she had lived in seclusion for many years. She was born in 1818.

A Threatened Strike.

By Cable and Associated Press.
DUBLIN, Sept. 25.—The men employed in a quarry at Arklow, owned by Parnell, threaten to strike unless the agent, who is obnoxious, be replaced by a local nationalist.

New York Republican Convention.

By Associated Press.
SARATOGA, Sept. 25.—The Republican State Convention was called to order this afternoon.

Chauncey M. Depew was chosen temporary Chairman. After three cheers were given he addressed the Convention. The silence and hush attested the interest of the Convention in Depew's reference to the growth of the South American States, which has been almost unnoticed by the United States, but has been fostered by England. When Blaine's control of the nation on foreign affairs and his attention to South American commerce was referred to by Depew, applause was again awakened. When Depew referred to the rumors of Republican dissensions in this State and then shouted, "The Republican party of the State is all here," the delegates nudged each other in approval and craned their necks to see how ex-Senator Miller and Senator Hisecock received the utterance. Both of these gentlemen were immovable in features, however. His reference to the control of the liquor traffic was warmly received, and again Miller's face was scanned for evidence of approval, but not a line of his face relaxed, however, and his hands were still.

The usual committees were appointed and a recess taken until half-past 8.

Massachusetts Republican Convention.

By Associated Press.
BOSTON, Sept. 25.—The Republican State Convention was called to order this morning. The usual committees were appointed and Ex-Governor Robinson was selected for permanent chairman.

The platform congratulates the country upon the restoration of the Republican party to power, commends the wise and prudent conduct of the Treasury Department, rejoices in the restoration of dignity and vigor to the conduct of our foreign affairs, congratulates the President upon the practical wisdom and honest purpose with which he deals with the complicated question of appointments, commends the President's civil service policy, pledges the support of the Republican party of Massachusetts in his efforts to root out the evils of patronage from politics, looks to Congress to defend a sound currency, resists an increase of the present silver coinage, also to bring about a reduction of the surplus revenue, requests the Representatives and Senators from Massachusetts to support a thorough, equitable revision of the tariff so as to adopt the protection which it affords to the changed business conditions affecting New England industries in common with those of the rest of the country, demands a national election law, favors a liberal policy toward sailors and soldiers, asks for aid for our steamship lines and favors an increase of the navy.

Upon the liquor question, the platform states that the Republican party will take no backward step.

LOCAL INTELLIGENCE.

BREVITIES.

Fine Wagons, Carriages, Etc.

Special attention is called to W. J. Luke's ad. in to-day's GAZETTE. He is prepared to furnish patrons with all kinds of the best carts, wagons, buggies, sulkeys, phaetons and carriages as cheap as the same quality can be had this side of the Rockies. Mr. Luke purposes making the finest display ever seen at a Nevada Fair.

The Water Question.

The leading citizens are having a big water row now at the Courthouse this afternoon. The irrigation question is getting an overhauling such as it never had before. The people are fully alive to the importance of the undertaking, and the GAZETTE expects to see much good come of it.

Death of Mrs. George Smith.

Mrs. George S. Smith of Pleasant Valley died yesterday. She was a sister of Mrs. P. H. Mulebay, and a woman much loved by all who had the pleasure of her acquaintance. The funeral will take place from Odd Fellows' Hall, Washoe City, on Thursday afternoon, September 26th.

The Spanish Virae of Fortitude.

Must be possessed in no ordinary degree by those who bear the pangs of rheumatism without a complaint. We have never heard of such an individual. But why not, ere the long martyrdom begins, extinguish the germ of this atrocious malady with Hostetter's Stomach Bitters, the efficacy of which as a preventive of such disaster, as well as a means of relieving it, is well established and amply attested, during the last thirty five years, over professional signatures. It expurgates from the blood those acid principles which beget the pain and inflammation characteristic of this complaint, which it should be collected, is always liable to terminate life suddenly when it attacks the vital part. The Bitters also expel the virus of malaria from the system, remedies dyspepsia, kidney complaint, constipation and biliousness, quiets the nerves, and invigorates the whole physical organism.

Fever Germ Investigation—An Army Gathering—Tame Prize Fight.

Near Being Lynched.

By Associated Press.
CHICAGO, Sept. 25.—Seth Twombly, engineer of the freight engine which last evening crashed into a suburban train of the Rock Island road, had a narrow escape from being lynched. The crowd pursued him, but he escaped. He was arrested this morning. He is a son of the Master Mechanic of the road. He is known to be a hard drinker, and it is asserted he was so drunk last night he had to be lifted into his cab. Others declare he was sober. He says he neither saw the suburban train nor the red light of the semaphore across the track.

No Decision Rendered.

Special to the GAZETTE.
SAN FRANCISCO, Sept. 25.—The fight between the feather-weights Warren and Murphy last night ended in a fiasco at nearly two o'clock this morning. During the last two hours of the fight the men simply walked around the ring and hardly struck a blow. They were evidently trying to force a draw, and in the 69th round Referee Cook declared the contest unsatisfactory. The principals were then led from the ring by a policeman and no decision was rendered.

Yellow Fever Investigation.

By Associated Press.
BALTIMORE, Sept. 25.—George M. Strenburg, Major and Surgeon of the U. S. Army, has returned from a six-months' stay in Cuba, where he has been continuing the researches in reference to the cause and prevention of yellow fever. He discovered various disease germs hitherto not discovered, but as yet is unable to say whether they are yellow fever germs distinctly.

Army of the Tennessee.

By Associated Press.
CINCINNATI, Sept. 25.—The twenty-second annual re-union of the society of the Army of the Tennessee began this morning. At 10 o'clock the members formed in line and, with Generals Sherman, Howard and Dodge at the head, marched to College Hall, where a business meeting was held.

General Sherman, on taking the chair, made no formal speech, but proceeded at once to business, which was of a routine character.

Hanged by a Mob.

By Associated Press.
WINONA, Miss., Sept. 25.—Early this morning a mob of 200 entered the jail and took Sol Purnell, a negro, and hanged him to a railroad trestle. Purnell was accused of assaulting the 15-year-old daughter of a prominent citizen. He confessed.

5 O'CLOCK EDITION.

THERE is a large problem for the churches in this declaration of Cardinal Manning: "There are 4,000,000 of living and dying and dead souls in London. And if every church or chapel or place of worship, of every sort and kind were filled three times to the full on every Lord's day, they could not contain more than about 1,500,000. There must be, therefore, 2,500,000 who never can physically set their feet in any place of divine worship, or any place where the name and existence of God are recognized." The same fact is proportionately true of most other large cities. It is the greatest of arguments for home missionary work.

THE first year of the trial of high license has closed in Massachusetts. The official announcement of the result of the experiment is, in brief, that saloons have been reduced fifty per cent. in number; the revenue has been increased immensely, the exact percentage not having yet been calculated; the volume of crime has been lessened greatly, and good order has been maintained at much less expense to the State and to municipalities than heretofore. Such results agree with the experience of Pennsylvania and Illinois and with towns and cities in other States where the system has been adopted.

IT is stated by the Scientific American that carefully-repeated experiments made by an English navigator at Santander, on the north coast of Spain, showed the crest of the sea waves in a prolonged and heavy gale of wind to be 42 feet high; and allowing the same for the depth between the waves, would make the height 84 feet from crest to base. The length from crest to crest was found to be 386 feet. Other estimates of the waves in the South Atlantic during great storms give a height of 50 feet for the crests and 400 feet for length.

ONE of the oldest engineering projects in the world is now gradually approaching completion, and the work will probably be finished during the present year. This is the canal through the Isthmus of Corinth, in Greece. Work was actually begun on the canal under the Emperor Nero, so that over seventeen hundred years will have passed between its beginning and its final completion. As finally excavated, the canal will be four miles long, with a depth of eight meters, or sufficient for the largest vessels which usually navigate the adjacent seas.

A "palace chicken car" is the latest development of luxury in railway transportation. Some Chicago men of railway experience have had one or two cars constructed so as to contain a large number of separate coops with wire partitions, giving room for the fowls to move about, and with arrangements for supplying the passengers with food and drink, and passage way by which each coop can be reached. Thousands of chickens can be carried in one of these cars across the continent in good condition.

AMONG the larger public legacies provided for by the will of William Thaw, the millionaire railroad man of Pennsylvania, are the following: Western University of Pennsylvania, \$100,000; Presbyterian Board of Home Missions, \$20,000; Foreign Missions, \$20,000; College Board, \$50,000; other Presbyterian Boards, \$30,000; American Board, \$5,000. The Pittsburgh hospitals get an aggregate of \$100,000, both Protestant and Catholic institutions being remembered.

A. W. VON SCHMIDT is reviving his Lake Tahoe water scheme, and offers to deliver 30,000,000 gallons a day in San Francisco for \$15,000,000. What do the people of Nevada have to say? Let us think and act.

THE Enterprise has a communication in yesterday's issue touching up the University people and polishing off "Comet," the Hawthorne correspondent, in great shape.

THE GAZETTE has a better one than that. It is not often that a paper steals its own item, but both the Journal and GAZETTE copied one yesterday that has been going around, which appeared two weeks ago in the GAZETTE, regarding the wood cut at Lake Tahoe.

An Active Interest. The people of Halfmoon Bay are taking active interest in the contemplated Pacific railroad. In consideration of the payment of \$15,000 by the citizens of that place and San Gregorio, the line will run to Spanishtown and through the valley to Pescadero.

A CALIFORNIA SENSATION. [Petroleum Courier.] It is reported that the sales of the "California Remedy," Joy's Vegetable Sarsaparilla, have grown within a few months till they are now really sensational. The way the fame of this production has spread is simply marvelous. Six months ago it was unknown. To-day it is all over the country. It is authoritatively stated that they have been actually giving it away in San Francisco to people afflicted with dyspepsia, sick headaches, indigestion and liver troubles, not to be paid for unless it cured. Such practical tests are so startlingly convincing as to be almost sensational. It is stated that two of the active principles of the new remedy belong to the vegetable kingdom of California and are so well known to us under common names that it would surprise us if told them. But we are not surprised at anything Californian, and this recent discovery of the new medicinal virtues of its vegetable kingdom is but another instance of the astonishing possibilities of a soil and climate like ours.

Please note the various reasons by which I claim I have advantages over all competing houses.

1st. I buy for cash and cash only.

2d. I visit the markets in person frequently and buy my own goods myself for the lowest possible spot cash price.

3d. My aim and ambition is big business, quick sales and small profits. This is what I claim and what I battle for. Having this object in view to give everybody good value for their money, success is already achieved, as I challenge any one to dispute that I make the lowest prices.

4th. My store is the largest and best lighted of any in the city—the three large plate glass show windows which ornament the building would do credit to any large store in a large Eastern city, light being of great importance in any well regulated store.

5th. I engage the best and most experienced and skilled salesmen that can be found in this country. W. R. Lett has full charge of my store; his experience is second to none in this country, having had charge of departments for many years in the leading houses of New York City.

6th. I do just as I advertise; I do not advertise my goods at cost, as no intelligent person could swallow so silly an announcement as that; nevertheless, many of our merchants of to-day advertise under the head of selling goods at cost.

7th. All goods are marked in plain figures and no goods are misrepresented.

Having now given seven reasons why I can lead all competing houses in prices, I will venture still further to convince the general public by mentioning the contents of the different departments, thus showing that I carry an enormous and well-selected stock, which can only be fully realized by calling and examining the goods of the different departments.

In the Colored Dress Goods Department

I keep all the leading shades in plain colors, including Fine French Cashmeres, French Camel's Hair, Beatrice Cloths, French Foule, Tricot Cloths, Tricotine Cloths, Albatros, Nuns' Veiling, French De-beiges, Fancy Striped Alpaca, in plaids and stripes. I keep all the leading patterns found in the market.

The Black Goods Department

Is well stocked with all the latest and best known brands of French Cashmeres, French Camel's Hair, French Soliel, Albatros, Nuns' Veiling, Sicilian Cloths, and all the leading brands of Black Alpaca, Black and Colored Silks in all the different makes.

The Corset Department

Receives special attention, as I carry all the leading makes, including the famous C. P. Corset, and also the P. D., which I sell at prices that defy competition.

The Kid Glove and Button Department

Are replete with all the shades that can possibly be obtained this side of the Rocky Mountains.

The Hosiery Department

Deserves special mention, as I have been supplying it during the past two weeks with the very best brands of Ladies' Cotton and also Wool Hosiery that are manufactured on this Coast. My stock of Ladies' Misses', Children's and Men's Hosiery is unsurpassed in the city. Passing on we come to

Shoe Department.

This is a special branch that I have added to my business by special request of my customers, who continually urged me to put in a stock of Boots and Shoes, claiming, as they said—I using their own language—they were tired of paying high prices any longer. I subsequently added the above stock, and will say that my success in that department has superseded all my expectations. Men's and Boys' Shoes a specialty. Men's Shoes from \$2.50 up.

In the Clothing Department

I cannot do it justice by venturing to describe the success that continually attends it. I can only add one passing remark, that the amount of clothing I have sold during the past year is a full guarantee that the public never fail to appreciate a ONE PRICE cash business. I sell good suits for men from \$5.00 up.

In the Underwear Department,

Including Ladies' and Gents', I positively state that I sold more of these goods last season than any two competing houses. Knowing this, and then looking forward for an enormously increased trade in this line this coming Fall and Winter, I have spared no pains and have left nothing undone to secure one of the best selected and largest stock of Underwear ever brought to Reno. This true assertion will be more forcibly strengthened by anyone doubting it to call and examine the stock.

In the Domestic Department.

I carry all the principal makes in Sheetings, Pillowcase Muslins, etc. Gingham and Calicoes in endless variety.

Thanking the people of Reno and the public in general for their kind patronage for the past year, and soliciting a continuance of the same, I remain, respectfully,

C. W. BOOTON, Opera House Dry Goods Store.

JOTTINGS.

Sweet potatoes, and onions, apples, pears and grapes at E. C. Leadbetter's. Try the new brand of tea.

A more quiet, pleasant family resort than the River was Hotel cannot be found on either side of the Sierras.

Don't forget that this is the day in the week for you to go to John Bell's barber shop for your mid-week shave and bath.

Miss Emma Gibbs' rapidly increasing millinery trade shows that her efforts to accommodate and please are appreciated.

S. T. Burdett's North Virginia street grocery is a great convenience to people residing in that locality and its prices are the lowest.

For a pleasant, quiet resort where the daily papers are to be seen and a nice hot soup lunch served every day, go to George Becker's Granite Saloon.

S. L. Cohoon's agency for John W. Land's San Francisco beer, is as well kept and as pleasant a resort as can be found in town. Drop in and be convinced.

C. J. Brookins is selling immense quantities of home manufactured candles which are conceded to be as fine as were ever seen in this or any other market.

On the principal that a "new broom sweeps clean," W. T. Craig's is the place to buy your groceries, for he has just started in business and is determined to please.

In addition to his Boca and Sacramento beer, J. J. Becker carries a complete stock of cigars, liquors and wines, also a neatly served hot lunch every day in the week.

At J. N. Wallace's Virginia street grocery can be found as complete a stock of the best family groceries as was ever opened in town, and his prices will be found satisfactory.

The finest assortment of the choicest miscellaneous goods ever brought to the town can be seen at C. A. Thurston's. See his copies of the proposed national flower, the vote on which will close on December 31.

Gratifying to All

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent laxative remedy known, illustrate the value of the qualities on which its success is based and are abundantly gratifying to the Cal. Fig Syrup Company.

Parents should be careful that their children do not contract colds during the fall and early winter months. Such colds weaken the lungs and air passages, making the child much more likely to contract other colds during the winter. It is the season of colds that causes catarrh and bronchitis or paves the way for consumption. Should a cold be contracted, lose no time but cure it as quickly as possible. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold in a few days and leave the respiratory organs strong and healthy. For sale by Osburn & Shoemaker.

An Appreciated Donation.

Robert Lower of San Joaquin county, Cal., has presented to the Pioneer Museum of this State a section each of the bark and wood of the Big Trees of Calaveras county, Cal., the section of wood showing the one-half of a bullet sawed through in taking out the wood. The bark from the tree is something over twelve inches in thickness and together with the wood is a rare curiosity, seldom seen in this or any other country.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alternative and Tonic. If you are troubled with any disease of the Kidneys or Liver or Stomach, of long or short standing, you will surely find relief by the use of Electric Bitters. Sold at 50c and \$1 per bottle at Hodgkinson's drug store.

Oregon is one of the most productive States in the Union. Its vast mineral regions contain gold, silver, copper, iron and coal. In immense tracts of grazing lands support thousands of cattle and sheep, and its extensive agricultural regions produce all the cereals in abundance, the yield per acre being, in some instances, the largest in the world. Among the useful and valuable products of the West Coast State may be mentioned Oregon Kidney Tea, which has proved a boon to thousands afflicted with pain in the back and kidney difficulties. It is purely of vegetable composition and never fails. Sold by William Pinniger.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at Hodgkinson's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free; large size, \$1. Every bottle warranted.

The "Old Roman" Improved.

Hon. Allen G. Thurman has left the Virginia Hot Springs and gone home to Ohio. His health is much better than it was before his visit to the springs, but he is taking no part in the present exciting campaign. He is not a pronounced Payne man.

It should be generally known that Dr. Henley's Dandelion Tonic insures a hearty appetite and increased digestion, dispels nervous depression and low spirits, overcomes lack of energy and wakefulness, and will insure new life and strength into the weakest invalid. Sold by William Pinniger.

This is the season of the year when the cold winds create and havoc with the hands and complexion. Soft, white hands and a clear "peachy" complexion can be assuredly preserved by the frequent application of Deland's Specific. It rubs into the skin well it leaves no greasy surface. The skin absorbs it. Sold by William Pinniger.

Bucklen's Arnica Balm.

The best salve in the world for cuts, bruises, corns, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25c per box. For sale by Hodgkinson & Co., deersdwj.

Excellent, reliable and economical are the stoves and ranges sold by Lange & Schmitt; every house and store should have them. Call and inspect before purchasing.

MILITARY PARADE.

Five Companies to be Reviewed and Inspected.

ADJUTANT GENERAL'S OFFICE. CARSON CITY, Nev., Sept. 23, 1889.

I. Companies A, B, C, D and F, of the First Brigade, N. N. G., are hereby ordered to report at Reno, Nevada, fully armed and equipped, for parade, inspection and review, October 4, 1889.

II. The Governor's staff, Major-General and staff and Brigadier-General and staff will report, mounted, at general headquarters upon arrival of train from Virginia City.

III. General headquarters will be established at McKissick's Opera House.

IV. Transportation from Virginia City, Carson and Winnemucca and return will be furnished under direction of the Adjutant-General.

V. Companies will parade with not less than thirty non-commissioned officers and men, with a complement of commissioned officers.

VI. The Battalion Commander, Captain P. J. Dunne, will make necessary details of Adjutant, Sergeant-Major and Color Guard.

VII. The Directors of the State Fair Association offer a purse of \$300 for the N. N. G., which will be divided as follows: To the company making the best general appearance and having the largest percentage of membership present at inspection and review, will be given the sum of \$80; to the second best, \$70; to the third best, \$60; to the fourth best, \$50; to the fifth best, \$40.

VIII. The First Brigade will be formed in line in front of the Opera House, and will march from thence to the fair grounds, where the parade, inspection and review will be held, immediately after which the brigade will be dismissed.

By order of the Commander-in-Chief.

S. W. CHURCH.

Adjutant-General, N. N. G. Official: C. H. GALUSHA, Captain and Aid-de-Camp.

HARD TO HANDLE.

The Demon Steer Heard From Again.

The Modoc Independent copies the GAZETTE's account of the demon steer and says: The bovine monster mentioned above has occasionally been seen along the South Fork of Pit river. A few years ago he was reported to be in the vicinity of Crook's canyon, and Sim Bayley and Billy Nelson resolved to capture him. They soon found and made a charge on him, but unfortunately Nelson's horse stumbled and fell, and, quickly regaining his feet, dashed off. Mr. Nelson, finding himself afoot and at the mercy of an infuriated bull, lost no time in getting into the top of a large juniper tree. In the meantime Bayley had dashed off after Nelson's horse (?), which he caught after a long chase. Coming back cautiously, he crept over the brow of the hill to take observations, and saw that Nelson was still up in the tree, and the big blue bull was pawing and tearing up the ground underneath. Bayley waited for several hours, till finally the bull grew tired of the watch and left. As he disappeared over a hill Nelson crawled out of the tree and Bayley came in sight with the horses. After talking the matter over they came to the conclusion that they had cattle enough of their own, and had no use for this fellow.

Once he came down as far as Pine creek, and Uncle Carlos Doris had a narrow escape from being gored to death by him; but Uncle Carlos, being a swift runner and long-winded, got to a place of safety a short distance in advance of the bull.

Joe Mark, Weller, "Tule Dad" and Colonel Benton have all had tussles with him in vain endeavor to get their branding irons onto him.

The Pavilion Exhibit.

On to-morrow (Thursday) afternoon the Ladies' Pavilion Committee will visit all on the north side of the track who are willing to contribute towards the Pavilion exhibition and hope to find all packages ready when called for. Those having packages too bulky to be handled in this way will please leave word at the Pavilion and they will be called for by an express wagon. On Friday at the same hour the committee will call on those on the south side of the track and river for the same purpose. All packages should be plainly marked so that no mistake can occur as to the ownership.

A Good Guess.

The White Pine News says: Washoe county's tax roll foots up \$5,081,560, and thereby makes up for losses in some other sections of the State. Next year the roll will nearly reach \$6,000,000.—GAZETTE.

The GAZETTE could easily have copied the above item from the Journal two weeks ago.—Journal.

But the chances are 100 to 1 that you cribbed it originally from the columns of the GAZETTE.

An Injured Bootblack.

A bootblack about 15 years of age was brought here last evening on a freight train who claimed that while asleep by the side of the track this side of Wadsworth he was struck by a passing train, but it is more likely that he fell from a brake-beam. His head was badly bruised and he was taken to the hospital. Dr. Lewis dressed his wounds.

Special Notice.

The ladies of Reno have no need to hurry themselves to purchase goods to-day, as there are more dry goods stores in town than one. The Opera House dry goods store will be open till 10 P. M. all the week.

THE STATE FAIR.

Humboldt Should Be Well Represented.

Under the above heading the Winnemucca Silver State of the 24th instant said: The State Fair opens at Reno next Monday under the auspices of the State Agricultural Society.

Humboldt should make an effort to have its products well represented at the Fair. The unprecedented drought, of course precludes the possibility of this county sending much in the grain and vegetables lines, but our people can make a good showing of live stock, fruits and minerals. There are as fine horses and cattle here as can be found on the coast, and in the variety of ores and minerals our county cannot be excelled. We have salt, sulphur, niter and phosphate deposits. We have gold, silver, nickel, copper, antimony, lead and iron mines, samples of each and all of which might be sent to the Fair to show visitors what our county produces. The apples, pears and other fruits raised here will also compare with the best from any section of the country, and it might be well for Big Meadow ranchers to send a few bales of alfalfa to convince the Renoiters and others that the rich alluvial soil of the Lower Humboldt Valley is capable, when once set, of producing good crops of that excellent forage plant without rain or irrigation.

PERSONAL.

John McConnaghy, the Ft. Bidwell stockman, is in town.

A Good Colt.

Last evening's Carson Tribune says: Dick Kelly, the three-year-old pacing colt belonging to Senator Evan Williams, is proving himself a wonder among colts. Yesterday in the presence of Theodore Winters and many others Dick made the mile in 2:32 and not a break occurred. He is one of the truest colts that ever paced, and the chances are he will make a very broad mark.
